L'Abri Fellowship has grown beyond Switzerland, and you can learn more about L'Abri today at www.labri.org

The L'Abri Network brings together those interested in transferring to their church, fellowship, ministry or daily life what they have learned about Francis and Edith Schaeffer and what the Schaeffers taught directly through L'Abri Fellowship. The L'Abri Network is an online supplement or twenty-first century application of the early work of Francis and Edith Schaeffer as a part of what they called the L'Abri Family.
